# Service Action Center

When a covered item breaks down, waiting on hold for a solution is the last thing you want to do. With the 2-10 HBW Homeowner Portal Service Action Center, you have the power to do more when you need to most while reducing hold times.

## WHAT

the Service Action Center lets you do

### 1. Request status updates from contractors

When you file a claim and a contractor accepts it, you can request its status from the contractor. No more wondering or calling about where it's at!

### 2. Change Service Contractor

Sometimes, you need to request a different Service Contractor, due to scheduling issues, contractor inability, or otherwise. The Service Action Center makes it easier and more efficient to change the Service Contractor when necessary.

**NOTE:** These options become available 24 hours after we send the initial request to the contractor.
